I Am Research Open Event

Thursday 17th May 2018 12-4pm

Are you interested in clinical research?

Would you like to find out more about research into musculoskeletal conditions, genetics and dermatology happening in Leeds?

Do you want to see the facilities at Leeds Biomedical Research Centre— including the Ultrasound and MRI machines in action?

Join us at our open event to see stalls about our research, speak to our researchers and to take part in workshops and interactive demonstrations.

Anyone is welcome—drop in at any time. **Refreshments and lunch are provided.**

For more information please contact Gwyn Cracknell on G.T.Cracknell@leeds.ac.uk 0113 3924485. An agenda for the day will shortly be available @<http://leedsbrc.nihr.ac.uk/event/i-am-research/>

Come along to: **Leeds Biomedical Research Centre, Clinical Research Centre, 1st Floor Chapel Allerton Hospital, LS7 4SA**
